

Approximate Grading Scale

Many of you are already wondering about the final grading scale. This is not decided until after the Final Exam when I consider the statistics of all the scores in all the quizzes and exams. But as a rough estimate, the following is typical for past semesters when I have taught CHM 2046:

A	90.0 – 100 %
A-	87.0 – 89.9 %
B+	83.0 – 86.9 %
B	79.0 – 82.9 %
B-	75.0 – 78.9 %
C+	70.5 – 74.9 %
C	66.0 – 70.4 %
C-	62.0 – 65.9 %
D+	57.5 – 61.9 %
D	53.0 – 57.4 %
D-	49.0 – 52.9 %
E	< 49 %

See the Syllabus under “Calculation of Total Scores” for how to calculate your total percentage.
